

ROUTE SCHIPHOL TO THE TRAINS

Schiphol station is situated directly below the airport. You can pick up a free baggage trolley from the platform. Via Schiphol Plaza, you can walk straight to the departure or arrival hall.

Train tickets

You can travel on NS (the Dutch Railways) with either a single-use smartcard or an OV-chipkaart. Both are available from the yellow ticket machines with the blue overhead sign reading 'traintickets'. OV-chipkaart cardholders can also use the ticket machines with the yellow overhead sign.

The ticket machines are located near the platforms at Schiphol Plaza. Tickets (for domestic and international travel) are also available from the Ticket- and Service desks, which are situated close to the red/white-checked cube at Schiphol Plaza. Staff at the desk will also be able to provide you with train departure information and general information on travelling by train in Holland.

For more information please check the NS website: www.ns.nl/en.

Information about your train journey

The journey planner on the NS website will provide you with information on the fastest and shortest route between your address and Schiphol. It also contains the latest travel information, including details of temporary timetable changes.

Direct or change

From a great many stations, you can travel to the very heart of Schiphol either directly or with one change. Important railway hubs include Amsterdam Sloterdijk and Duivendrecht. The trains come into these stations at two levels. If you have to change at one of these stations, your connecting train will depart from another level to the one on which you arrived. The timetables make allowance for this.
